Welcome to our homepage!

## General Information and Directions for Use.

1. Once you have selected the preferred language (English, German, Portuguese, Spanish, French), the program will be displayed using the chosen language environment. The opening screen shows that the selected language environment is being used.  
Please take your selection by choosing the requested product-line (e.g. Prepared Microscope Slides in sets, Overhead Transparencies, etc.) with a mouse-click.
2. All listings are formatted as PDF-files, and to load these files you need ADOBE ACROBAT READER™ installed on your computer. If you do not have ACROBAT READER™ on your computer, a free-of-charge copy of ACROBAT READER™ can be downloaded by clicking the yellow "GET ACROBAT READER™" button. Please follow the installation instructions given by the program.
3. After opening the files you can print or store on your hard-disk by using the ACROBAT READER™ utilities.
4. Price-lists with conditions of sale and payment and order forms are also available on the web-site.
5. Please do not hesitate to contact us by phone, fax or email, in case you need further assistance or help. Printed catalogues will be mailed upon request.

## Our Product Line.

May we introduce ourselves as one of the leading manufacturers of the following products (teaching aids for schools and education):

- **Prepared Microscope Slides of highest Premium quality**
- **Color Photomicrographs and Color Slides 35 mm for the slide projector**
- **Overhead Projector Transparencies and Transparency Atlases** *NEW*
- **Multimedia Program Biology** *NEW*
- **Multimedia Packages of Life Science for Interactive Learning and Teaching** *NEW*
- **Interactive Educational CD-ROM for Biology** *NEW*
- **Drawing Sheets and Transparencies for Human Biology**

Our company has been founded in 1955 and we have a long and traditional experience in manufacturing and world-wide selling of our high quality products since **50 years**. We have a skilled staff of more than 35 scientists and technicians.

**Prepared Microscope Slides:** LIEDER Premium quality microscope slides are "**Made in Germany**" and all are manufactured in our own laboratories in Ludwigsburg/Germany under rigorous scientific control. Size 26 x 76 mm (1 x 3 inches), best glasses with fine ground edges. Top quality histological fixed materials are

used. The application of special staining techniques guarantees a clear, multicolored representation of all tissue structures. LIEDER slides meet all scientific requirements. Depicted explanatory textbooks are available to most of our microscope slide series.

**The Multimedia Program for Biology:** The new teaching program aims to give a strictly outlined synopsis of all those lines of biology important for instruction at schools, colleges and universities and suitable for working with the microscope. A considerable part of the Program is an extensive manual with detailed descriptions and drawings of the prepared microscope slides and photomicrographs of the school series A, B, C and D. A well selected complementary media package with overhead transparencies, sketch- and work sheets, descriptions and pictures of the drawings serves the teacher to work with the subject during the lessons. This program is a world-wide best-seller and available in several languages. Now we can offer **4 CD-ROM** comprising all necessary photomicrographs of microscopic slides, which can be observed by different magnifications by using a "Virtual Microscope". The slides can be moved under this microscope and can be observed in all its parts. For further details, please write for free information.

The **New Economic Multimedia Packages of Life Science for Interactive Learning and Teaching in School and Education.** All together 47 well selected media packages of 6 and 12 units with microscope slides in plastic box, large size color overhead transparencies and sketch- and work sheets in folders, manual with descriptions and pictures of the drawings serve the teacher to work with the subject during the lessons. We offer **Teacher Packages** and **Student Sets** to the following topics: Elementary Science, Protozoa, Invertebrates, Insects, Animal Cell, Histology, Human Diseases, Parasitology, Reproduction, Embryology, Genetics, Mitosis and Meiosis, Bacteria, Algae, Plant Cell, Botany, Cryptogams, Phanerogams, Vocational Training, Foodstuffs, Life in the Water, Environmental Science, Water Pollution, Air Pollution, Allergens, Damages to Animals and Plants.

**Color Overhead Transparency Atlases:** Overhead Transparencies as modern visual aids become more and more part of biology, physics and chemistry teaching programs. Therefore we have created a new and comprehensive range of over 40 unique Transparency Atlases.

The atlases consist of 24 to 70 transparency sheets comprising a great variety of beautiful drawings, diagrams, tables, anatomical pictures, brilliant micro- and macrophotographs, electron and X-ray photographs, impressive life cycles, human photographs, landscape photographs, test data and results, etc. Each Transparency atlas is accompanied by a comprehensive interpretation text giving a detailed description of all pictures. Our multicolored transparencies are printed by a special process and excel by reason of their high projection quality. Transparencies and texts are held in a strong plastic file with ring mechanism.

As a new service, we also print special transparency atlases according to the request of our customers, and adapted to the curricula of their countries. Please write for further information.

**Color Photomicrographs and Color Slides:** LIEDER projection slides on 35 mm film. In order to obtain the maximum quality all LIEDER Color Slides are Original Exposure, i.e. each LIEDER Color Slide is individually photographed from the specimen. Consequently, there is no loss of quality which could arise from a copying process. LIEDER Color Slides for projection are of high definition and clarity, coupled with color reproduction which has resulted in slides of unsurpassed quality. Such high quality slides enable the maximum amount of information to be illustrated in such a manner that it can be readily appreciated by the student. All LIEDER Color Slides are mounted between glass in solid dust proof 50 x 50 mm (2 x 2 inches) plastic frames of best quality.

#### **"Education and Knowledge on CD-ROM", The New Amazing Program of Interactive Educational CD-ROM.**

We offer a new range of 42 CD-ROMs for interactive learning and teaching in school and education covering the following topics: The complete human biology in all its parts (macroscopic and microscopic anatomy) - Human locomotor system - Digestive system - Circulatory and respiratory system - Reproduction - Hormones - Nervous tissue - Nervous systems - Transmission of information - Human brain and spinal cord - Sense organs - Cytology - Molecular genetics - Electron micrographs - Mendelism, Variability - Human genetics - Origin and evolution of life - Our environment, threats and protection - Our waters, pollution, protection and recycling - The forest, essential to Life - Protecting crops from damages and diseases - Plant societies - Ecosystems - Animals and Plants - Structure of the Matter. All pictures and illustrations are taken from our own stocks to guarantee superior quality. **The CDs are in upto five languages** (English, German, Spanish, Portuguese, French). They comprise: a special teaching and learning program, comprehensive explanatory texts in different languages, a huge number of excellent pictures (Photomicrographs, high quality anatomical illustrations, graphic designs, animals and plants, life cycles etc.), a special test program to check the knowledge of the pupils including notes, and a big selection of accompanying material for printing and making copies by the teacher. All 42 CR-ROM are available from stock.

**Special Requests and Special Compilations:** We gladly will make special offers for any Slides, Transparencies or Multimedia Packages not listed in our catalogues. We have a large stock of materials and therefore we are able to meet the wishes of our customers, even if the inquiries are based on the lists of other companies.

**Prices and Discounts:** The prices quoted in our enclosed price-list are to be understood in EURO net ex works. These prices may be subject to several discounts depending on the requested quantities. Please send us your inquiries and we will make our best quotations. Upon request we will send our pricelists formatted in MS EXCEL.

In case of any questions, please do not hesitate to contact us for further information.

Hoping to hearing from you at your earliest convenience

Best regards

### **Ordering Information**

All our microscope slides, color slides and photomicrographs can be purchased as well as in complete sets or series and as individual slides. When ordering please give the complete catalogue numbers, the quantities and the abbreviated descriptions of the requested items. This will help to minimize the processing of your orders, and to avoid errors

Please mention the required mode of dispatch, e.g. airmail parcel, SAL parcel, airfreight, special courier (e.g. DHL). Without your forwarding instructions we will use our best judgement. We will not dispatch the consignments via surface or sea mail unless expressly required.

When ordering prepared microscope slides, please specify the required slide boxes (see page 2). Without your specification we supply standard type boxes of suitable size for our microscope slide sets and individual slides.

For your convenience, order blanks are bound into our catalogues. If you do not have our catalogue, please write. We will send the newest edition of our general comprehensive catalogue immediately. – Items without prices were not yet published when printing this price-list. Prices will be quoted upon request.

The prices quoted in this price-list are to be understood in EURO net ex works. Quantity discounts are allowed on larger orders, detailed information will be given upon request. Transportation, packing, and shipping containers are charged at cost.

We gladly will make special offers for any slides or transparencies not listed in our catalogues. Please send your inquiries and specification lists and we will make our best quotations immediately. We would appreciate your orders and promise you prompt service at all time. Should you have additional questions, feel free to contact us.

Welcome in our new HOMEPAGE [www.lieder.com](http://www.lieder.com). Visiting our web-site you will find a comprehensive depicted presentation of our product-line in five languages (English, German, Portuguese, Spanish and French). Any news will be published on our web-site first. For your private use only you may download and print the requested files.

## Terms and Conditions of Sale.

This catalogue and price-list supersede all catalogues and price-lists previously issued. All goods are sold subject to the prices ruling at the time of shipment. All prices are understood in EURO. Our prices do not include the German TVA (Mehrwertsteuer).

Shipment and packing shall be at the consignee's cost and risk. Prepared microscope slides can be shipped in special slide boxes only, such boxes being available in different sizes and at different prices.

Prepared microscope slides, color photomicrographs and color slides are available in complete sets (collections or series) or individually. Changes within any sets and collections or compilations are reserved.

This quotation has been established computer-aided. Calculatory errors are reserved. All offers and quotations are subject to our general terms and conditions of sale and payment as printed on our price-lists. Minor changes within all collections are reserved. We reserve the right to cancel such items being not available at the time of delivery due to lack of materials. If the technical description of an item given with the specification list is not clear, our interpretation of the preparatory technique will be valid. If there is no special staining technology prescribed, we use our high advanced staining methods for best results.

Any complaints cannot be considered unless they are asserted within 8 days following arrival of the goods at their destination. Accepted claims shall entitle the claimant to replacement only, not to any further damages. Any damages or cancellation of order on the part of the supplier caused by force majeure, such as acts of God, strike, war, non-availability of materials, fire, disturbances of plant operation or traffic or any other circumstances beyond the supplier's control are excluded. We reserve the right to cancel such items being not available at the time of delivery due to the lack of materials or, other technical reason.

Invoices and bills shall be payable within 30 days, without discount. Advance payments or irrevocable letters of credit shall be made if requested. The goods shall remain the supplier's property until full payment for the goods supplied has been effected.

The Purchaser shall not take or make or cause or permit any person to take or make a copy, scan or photograph of any prepared microscope slides, photomicrographs, color slides, transparencies, CD-ROM, drawings, designs, texts, descriptions, homepages, web-sites and compilations supplied by the Vendor for the purposes of making a profit therefrom whether by resale or in any other manner whatsoever.

All our pictures, microscope slides, other slides, diapositives and transparencies, drawings, designs, texts, descriptions, homepages, web-sites and compilations are subject to Copyright and may not be photographed, reproduced, scanned, reprinted, stored in a retrieval system or in data banks, or transmitted in any form or by any means, mechanical, electronic, recording, broadcasting, television, CD-ROM, DVD, on-line services, homepages, web-sites or otherwise without the prior permission of the Copyright owner.

No variation of these conditions shall be effective unless in writing signed by or on behalf of the Vendor.

All orders are subject to the above terms and conditions. Place of payment and jurisdiction shall be Ludwigsburg/Germany.
